
AKASH M

VELLORE, INDIA 632002 | +91 8838580435 | akashmohan733@gmail.com

Summary

B.Tech IT graduate skilled in Python and data analysis. Completed hands-on internship in data science. Seeking an entry-level role in data analysis.

Education

B. Tech: Information Technology

04/2026

Ganadipathy Tulsi's Jain Engineering College

Kaniyambadi, Vellore

GPA: 7.8

Percentage: 78%

HSC

05/2022

Voorhees Higher Secondary School

Vellore

Percentage: 76.5%

SSLC

03/2020

Voorhees Higher Secondary School

Vellore

Percentage: 85.2%

Internship

Data Science Intern, July 2025

Vcodez Innovative Ideas, Chennai

- Cleaned and processed datasets using Pandas to enhance quality for analysis
 - Conducted exploratory data analysis to uncover trends and patterns
 - Created visualisations to present insights clearly
-

Projects

Sales Data Analysis Dashboard

Tech stack : Python, Pandas, Power BI / Matplotlib

- Analyzed sales datasets to identify revenue and product trends
- Cleaned and processed large datasets using Pandas
- Created dashboards and visual reports for business insights
- Generated monthly and category-wise sales analysis

Student Performance Prediction System

Python, Scikit-learn, Pandas, Matplotlib

- Developed a machine learning model to predict student academic performance
 - Performed data preprocessing and feature analysis using Pandas
 - Trained classification models and evaluated prediction accuracy
 - Visualized student performance trends using Matplotlib
-

Certifications

Data Analytics - Google

Data Science - VCodez Innovative Ideas

Skills

Programming : Python

Databases : MySQL

Data science : Pandas, Numpy, Scikit-learn, Matplotlib

Concepts : Machine Learning, Data Analysis, OOPs
